

## Possibilities for an Erasmus year at Theological University Utrecht

First of all, thank you for your affinity with our Theological education in Utrecht. If you choose a selection of our Bachelor programme, for half a year or for a complete year, please consider the following condition:

From year 2 we have beside the common main track two tracks in our bachelor programme:

- Track 1 (T1) focusses on classical theology (incl. biblical languages),
- Track 2 (T2) focusses on religion and society.

For every study period you can choose courses from the main track and also between Track 1 and Track 2, except when a module continues in the next study period. Apart from this a student can follow modules of the English MIRT-program (Master of Intercultural Reformed Theology; 5 ECTS credits instead of 6 ECTS credits).

Personal preferences can lead to an adaption of the proposed programme, if this is not conflicting with the general schedule.
